NSC Declassification/Release Instructions on File

November 4, 1955

MEMORANDUM FOR MR. WILSON A. ROCKEFELLER,
SPECIAL ASSISTANT TO THE PRESIDENT.

SUBJECT: Exposure in the United Nations of the International
Communist Conspiracy.

In response to Ambassador Lodge's request, we have prepared two papers (attached) and suggest the following for consideration:

1. That the Ambassador use subject as a basis for his whole plan of action at the UN. (Subject is consistent with approved national policy and the President's Philadelphia speech.) Exposure with documentation would be a step toward destroying the effectiveness of the Communist apparatus in the free world.
2. That the conspiracy be presented in its true light--embracing departments of government, Communist parties of the USSR and Red China, various international control units and fronts, notably the Comintern, Cominform, World Federation of Trade Unions (WFTU), World Peace Council (WPC), etc., the national Communist parties and the individual members of all these organizations.
3. That the Ambassador introduce a resolution so worded as to force the Soviets publicly to denounce or approve their international puppets and movements regardless of how they vote.

Chief, Special Projects Staff
